Modern Systems for Software Development

MS

Modern Systems for software development is a specialized establishment in IT industry will offer optimized business process and enhance the organization visibility for internal employees and external customers based on the organization strategies. Continuous process improvements is one from our expertise to help the organizations to grow.

Visit Clinic

Visit Clinic is a complete system provided to doctors, pharmacist, sales agents, laboratory, medical sales agents, medical factories, medical companies and individual users to collaborate with each other's in one platform in order to provide medical services.

<https://www.VisitClinic.net>

INSTANT ACCESS TO ONLINE DOCTOR SERVICES

Doctor Instant Access offers a free online service that enables doctors and their clinic employees to provide outstanding online patient care using website features. To utilize the portal's online services and begin accepting and adding new users, doctors need to first add their clinic employees to the system.

Visit

Instantly access a limited-edition daily professional inspection from the doctor. Unlock the full version with a one-month trial or a yearly subscription.

Additional Services

The supplementary features are consistent with our offered online services, which are a component of the yearly subscription. These online services are deemed invaluable to all medical practitioners.

INSTANT ACCESS SERVICES

Personalized Healthcare Management

New Visit

The innovative Instant Visit function is specifically designed to support doctors in adding new patient requests. A maximum of five instant access visits are permitted per day. Access to additional visit types necessitates a yearly subscription.

Roster of Patients

The patient roster is a specialized form designed for listing patients under a doctor's care.

Medication Management Settings

The prescription configuration form is a dedicated tool that enables doctors to establish prescription settings, ultimately providing a printable prescription for patients.
